COPYRIGHT TRANSFER

In compliance with U.S. law, a written transfer of copyright from the author(s) to the publisher is required. Such transfer enables the publisher to provide the widest possible dissemination of the author's work and to defend against copyright infringement. We therefore ask that you complete and return this copyright transfer form promptly, keeping a copy for your records.

For good and valuable consideration including the professional benefits relating to publication of my work (hereafter "Manuscript Title" or the "Work"), I transfer and assign to MediMedia USA (the "Publisher") the copyrights and all worldwide right, title, and interest including, but not limited to: (1) copyright (text and graphics); (2) the right to grant permission to republish the Work in whole or in part, with or without fee; (3) the right to produce preprints or reprints for sale or free distribution; (4) worldwide translation rights; (5) the right to create derivative works from the Work; and (6) the right to republish the Work in a collection of articles or in any other format, in any media now known or developed in the future, including but not limited to electronic media.

In addition, I affirm that the Manuscript Title has not been previously published, has not otherwise been submitted for publication, is original (except for material in the public domain or for which permission has been obtained), and that the Manuscript Title does not contain any libelous or otherwise unlawful material or infringe any copyright or any personal or proprietary right. I further confirm that I have not received payment from any company to promote a specific product mentioned in the Manuscript Title.

I agree to indemnify and hold harmless Publisher from any and all claims, suits or liabilities, including any damages, attorneys fees and costs arising out of (1) the breach of the representations made in the prior paragraph; or (2) an allegation that the work infringes the copyright rights of any third party.

I reserve the right to utilize the Manuscript Title at no cost for scholarly or educational purposes, provided that said use of the Manuscript Title is not for profit and that proper acknowledgment is given to the source and that the Publisher has been notified in writing of said intent.

If the author is a U.S. Government employee and the Manuscript Title was prepared in that capacity, the copyright transfer applies only to the extent allowable by U.S. law. If at least one co-author is not a Government employee, said author should sign the copyright transfer form.
